- He attended Chief Murray's retirement reception.
- He will be attending a meeting of the Five Families on January 16<sup>th</sup>, as well as the Traffic Safety Commission, which is scheduled for later that day.

**Report of the Executive Director: (Lemire)**

*Committed to training, educating and certifying emergency and community responders to protect the citizens and visitors of New Hampshire*

- The February 12 meeting will be at the NHFA for breakfast and seminar.
- The March 12 meeting will be hosted by the Barnstead Fire Department and feature a home-cooked corned beef and cabbage dinner.
- The April Annual Meeting will be at the Common Man in Plymouth on the 9th.
- REMINDER – The NHAFC will be the beneficiary of activities at the NASH January 23-27.
- Discussion ensued on our attendance at CFSI. Congress will not be in session at the time and questions were raised as to the benefit of our attendance.
- We received a \$50 donation from the Mitchell Municipal Group law firm.
- Ad book proceeds to date: Total: \$23,565.50 ; Vendor: \$16,495.50; Assn: \$7,069.50.

#### **1st Vice President Report/Professional Development Committee - (Chief LaRoche**

- The Professional Development Committee met December 18. It was a very productive meeting with homework for each member. They will be working over the next month with a final budget request being presented. The Chief of Pittsburg, PA will be the speaker at the Annual Meeting in April at the Common Man in Plymouth.

#### **Government Relations – (Schmidt) –**

- Discussion ensued on the thought of a work group to discuss the ambulance billing issues. Chris Stawacz has asked that we ensure that the data collection is complete and standardized. Chief Sitar added that the data collection will be the most important and we need to insure that the person reviewing costs is experienced in the issue.
- He also asked about producing an info sheet on lithium ion batteries.
- **Legislative Calendar** – We have included an updated legislative calendar below. The calendar includes the hearings which have been published in the most recent Senate calendar. It also includes the House hearing which are listed on the House website, but have not yet appeared in a printed House calendar. If there are changes to the House hearings, once they are included in a printed House calendar, we will let you know. There are several hearings I wanted to flag. None of the hearings happen prior to the Board call scheduled for 1/8. It may make sense to discuss options at that time. **SB 634** is similar to bills the Legislature has considered in the past. Generally, the bill enables communities to adopt a \$2 per occupancy (think hotel/motel/short term rental), per 24 hour period that would be placed in a fund to support local services. The bill will likely be opposed by the hospitality industry and other groups. NHMA will likely support it and we may be asked if NHAFC has a position. **SB 429** is a bill sponsored by Senator Prentiss. It requires trauma kits to be placed in public schools and provides funding for the kits. If there is consensus that this is a good idea, I can sign NHAFC in as supporting the

bill. If you prefer we stay out of it, that is also fine. Finally, **HB 1602** is scheduled for a hearing 1/20. This is the battery recycling bill. If NHAFC wanted to weigh in, we could provide testimony that details the challenges associated with fire created by lithium ion batteries, without taking a position on the rest of the specifics. Again, we can discuss further during the Board call next week.
